

Why should you have the latest web browser?

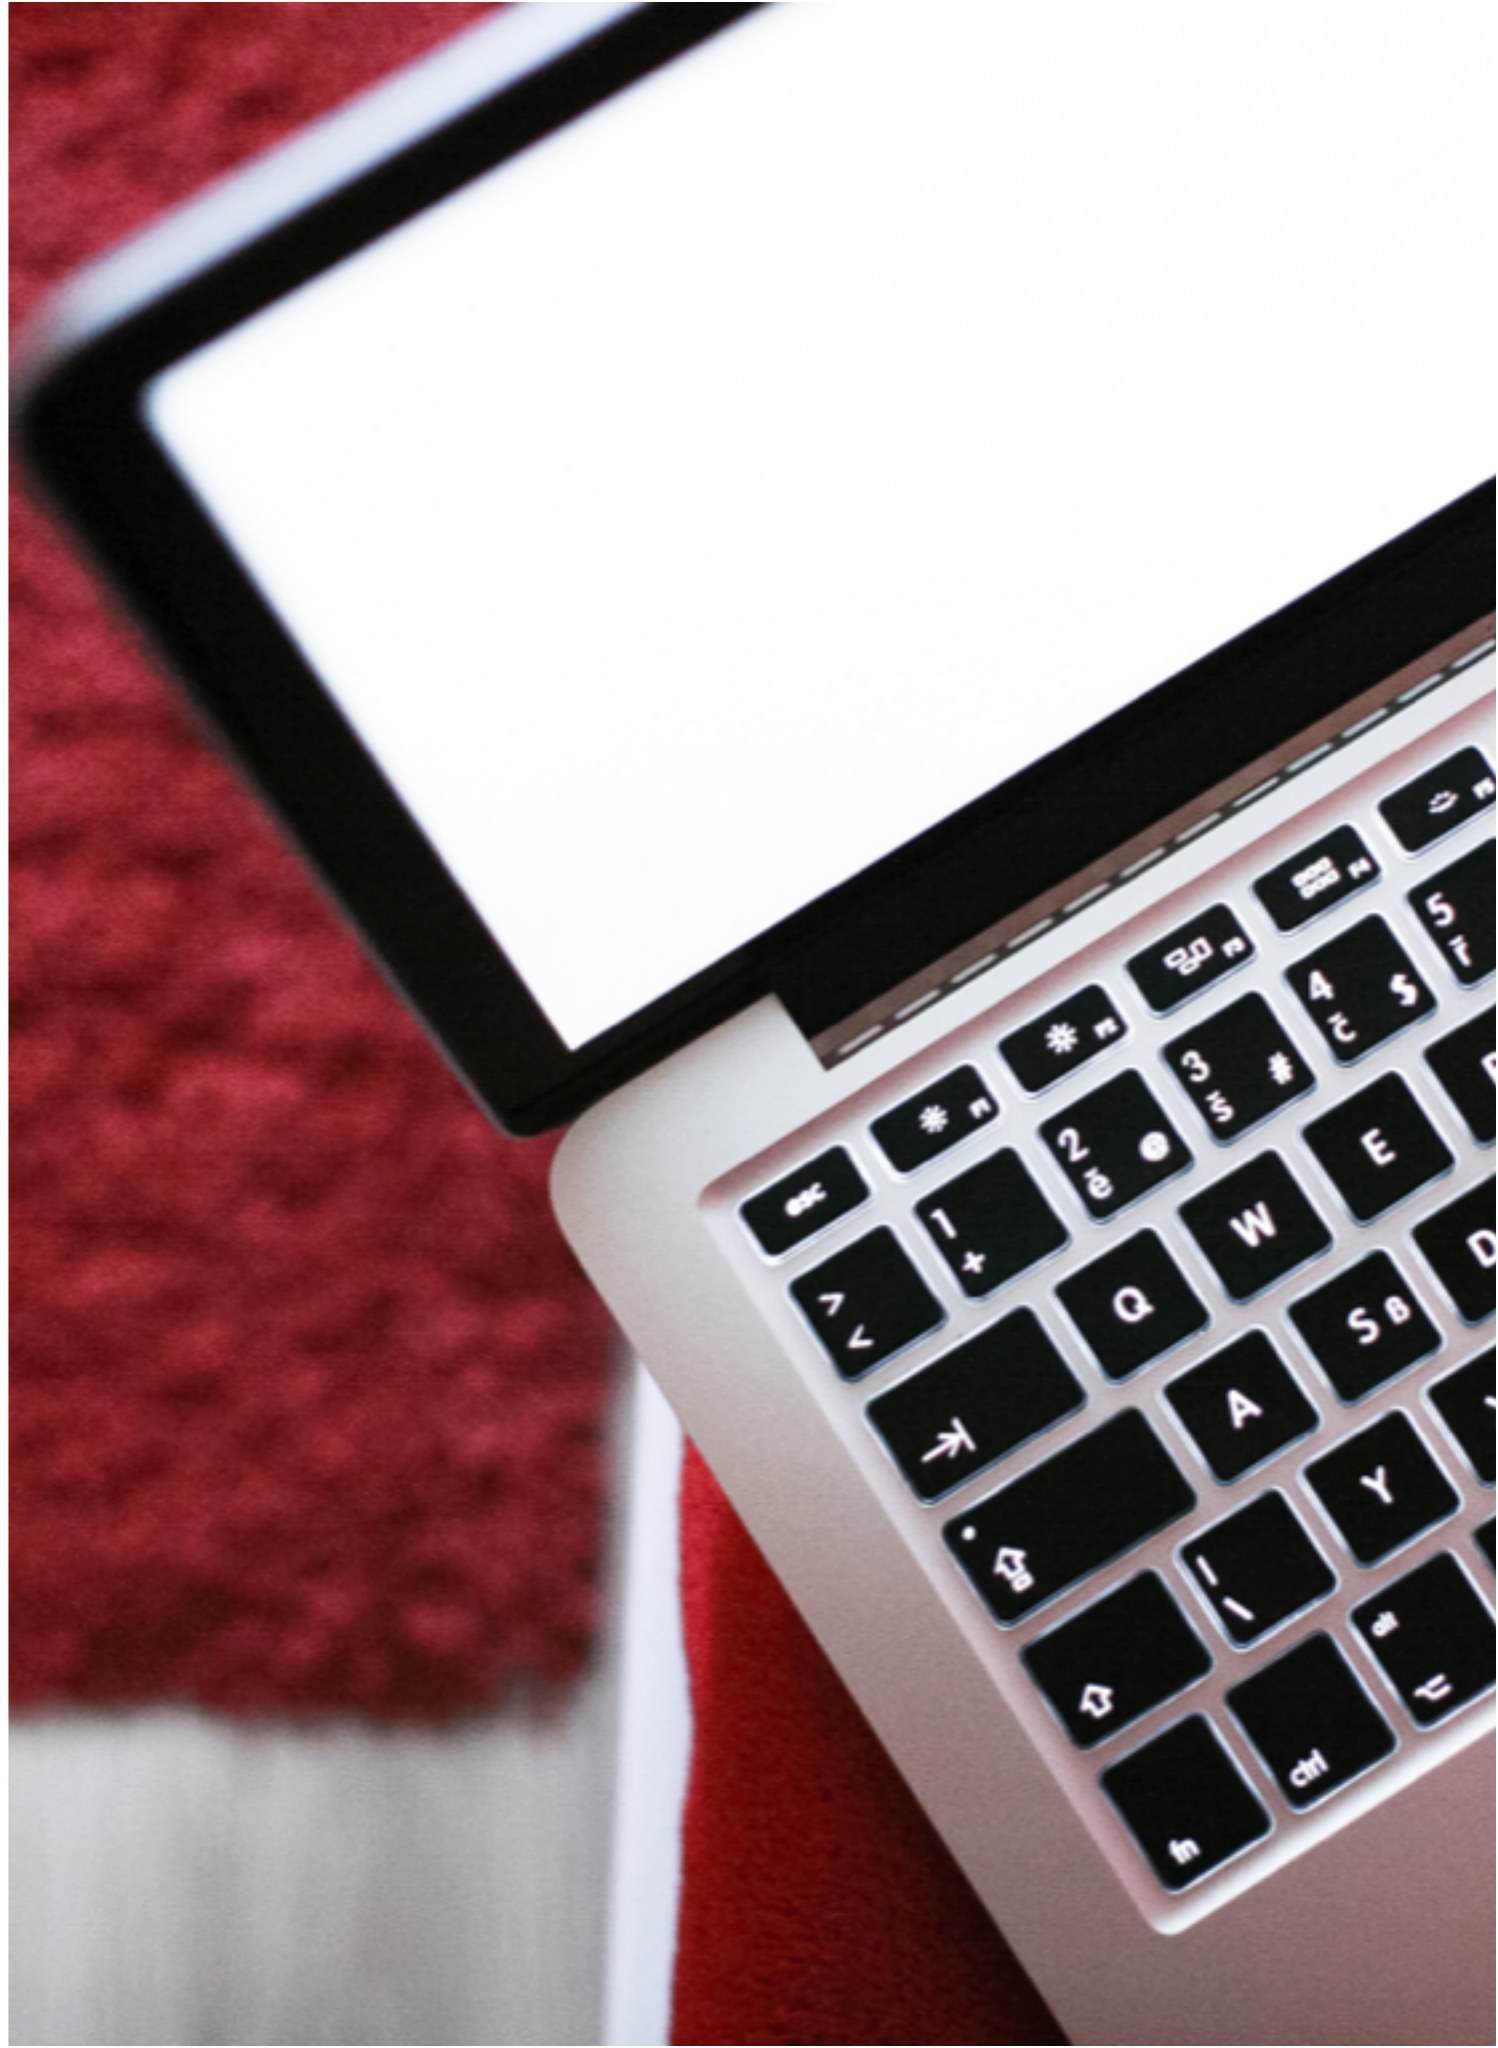

Your website tracks data following each visit, each click and each download. This short guide will help you decipher your web statistics, and help you report your statistics to your management team and governors.

Why should you have the latest web browser?

Web browsers make day-to-day school life so much easier. From researching upcoming lessons, to emailing parents, web browsers like Google Chrome and Internet Explorer are integral parts to your online experience.

But what if your browser is out of date? Does it make much of a difference, or could you be at risk when you're online?

Why should you have the latest web browser?

So is your browser up to date?

The website outdatedbrowser.com will let you know if your browser is up to date, and point you in the right direction to update your site.

Having trouble updating your site, or has your school locked down your permissions? Below is a list of reasons why you should have the latest browser version, to convince your school to upgrade!

Security

The latest browsers better protect you against viruses, trojans, phishing and other threats. These newer browsers also fix security holes in your current browser, with regular updates. If you are using an outdated browser, then you could be putting yourself at risk from a number of security threats. Internet Explorer 6, 7 and 8 are considered

Speed

Every new browser generation improves speed, making it easier to work on. Images will load quicker on new browsers, and you'll massively reduce

Compatibility

Websites using new technology, such as responsive design, will be displayed as intended - not restricted. New browsers make your website look great!

Comfort & better experience

With new features, extensions and customisation, you will have a more comfortable web-experience. New browsers support plug-ins which can improve your overall experience, and make searching for information so much easier.
